Of course, the Chicago strike is still going on in the same old way. The strike's only hope is to wear out the Far East war.

One of the latest introductions in municipal cleaning is an automobile street sweeper. The man who is in the habit of getting into the guetter had better keep his eyes skinned.

Next time two nations think they have reason to go to war, perhaps they will think of the Hague tribunal and leave international disputes to be settled there by clear, impartial judicial reasoning.

Your Uncle Grover in his letter about that Equitable Assurance Society business thinks embezzlement and loose handling of money in trust is just ordinary stealing. Mr. Cleveland's way of calling a spade a spade has not gone into "innocuous dissuetude."

Much ado is being made by the newspapers and many are their quips because the Japs attribute their victories to the virtues of their ancestors. Yet the newspapers over here are constantly reminding us of the patriotism, wisdom, honor and virtues of "the fathers" who established our Republic.

It is with a thrill of pleasure that we note that our benevolent assimilation in the Philippines is doing its work. We know it from these few lines from a letter to the Army and Navy Register from its correspondent at Malabag, Mindanao: "Datto Grande, by the way, is waning in the confidence of the colonel of the Twenty-third Infantry. He has borrowed money from numerous officers and failed to repay." There is no longer any doubt that Datto Grande is now truly American.

TRUCKING TEST FARM

Wilmington Moving for the Location of the Enterprise Near This City.

THE CHAMBER OF COMMERCE

Special Meeting Yesterday and Committee Appointed to Join in Effort —Farm Near Willard May Be Abandoned.

The Wilmington Chamber of Commerce has gone after the State trucking test farm with a determination that augurs success. These efforts are being put forth not as a matter of city pride, but upon the firm belief and upon the broad ground that the location of the enterprise near here will be subserving the general trucking interests throughout the entire belt more than will be possible at any other point.

The matter was very generally discussed at a special called meeting of the Chamber of Commerce yesterday at noon. President J. A. Taylor presided and in the absence of Secretary Kyle, the record was kept by Mr. M. W. Jacobi. The president very succinctly explained the object of the meeting and the issue to be met. He was followed by Mr. Z. W. Whitehead, editor of the Truckers' Journal, who told of his recent visit to Raleigh, the re-opening of the entire matter by the State Board of Agriculture and took the position that the location of the farm here would be of the greatest benefit to the largest percentage of the growers over the entire belt. Situated on either of the five lines of railway leading into Wilmington, the speaker was of the opinion that the farm would be inaccessible to four-fifths of the truckers. The location here he regarded as essential to its success.

Mr. L. B. Rogers, Mr. Wm. Calder, President W. B. Cooper, of the Merchants' Association, Collector B. F. Keith, Mr. P. Pearsall and others took much the same view of the question and pitched their argument upon the broad ground that the whole trucking belt would be the gainer by a central location. Mr. M. W. Jacobi offered the following which was unanimously adopted:

"Whereas the question of location for the proposed trucking test farm has been re-opened by the Agricultural Department, therefore be it

"Resolved, by the Wilmington Chamber on Commerce, that we pledge our support and hearty co-operation with Mr. Z. W. Whitehead and the Truckers' Association in their efforts to locate the farm near Wilmington. Accessible to the growers along every line of railroad penetrating the trucking belt of Eastern North Carolina, with a soil that has been pronounced ideal by experts and successful farmers in this and adjoining counties, a climate and other advantages about all that could be asked, we recommend and urge that the Board of Agriculture locate the test farm in our midst upon the broad principle of the greatest good to the greatest number. To that end it is further recommended that this chamber appoint a special committee to receive and co-operate with the Agricultural Department on the proposed visit of that body to this city in the near future.

It is not known when the committee on location will visit Wilmington. Fayetteville is making a strong pull for the location and the W. & W. section immediately concerned is striving to retain the farm at Teachey's. In this connection the following from yesterday's Raleigh correspondence of the Charlotte Observer will be read with interest:

"Work has begun on the test farm for truck and berries, at Willard, this having been the farm recently given to the State, and about which some complaint comes from Wilmington, that place desiring to be the location of the farm, and wishing the Board of Agriculture to re-consider what it has done, dispose of the farm at Willard and select one at Wilmington. It is learned that the Agricultural Department has not the power to sell the Willard farm without a special act of the Legislature."

Mayor Pro Tem. O'Brien.

His Honor, Mayor Pro Tem. O'Brien, presided over the police court yesterday, disposing of three rather difficult cases expeditiously and with good judgment. Henrietta Jones, the woman charged with the robbery of "Dr." H. Cox, in Kellogg's alley, was bound over to the higher court and went to jail in default of $100 bond. Charlotte Ann Brown, colored, charged with being drunk and disorderly at Seventh and Nixon streets, was given choice of paying $10 and costs or going to the workhouse for 30 days. A white man charged with being drunk and disorderly, was let off with $5 including the costs. Mayor Waddell has gone to Newberry College, S. C., to deliver a literary address and will not return before Wednesday or Thursday.

The Charlotte Excursion.

Gough's excursion from Charlotte and intermediate points on the Seaboard Air Line reached here at 2:30 P. M. yesterday, bringing between 400 and 500 people, a majority of whom went straight through to Wrightsville Beach to spend the night. For the benefit of the visitors, Capt. Harper will run an excursion on the steamer Wilmington to Carolina Beach, Southport and out to sea, leaving the city at 9 o'clock this morning. The excursion train will leave for the return to Charlotte at 7 o'clock this evening.

SUBURBAN CAR ACCIDENT

Trolley Pole Went Awry and Smashed Into Vestibule, Injurying Conductor; Frightening Passengers.

Conductor L. R. McCall was seriously, if not fatally injured and a score or more of passengers on Suburban Car No. 29 were frightened out of their wits as the result of a mishap on the trestle over Bradley's Creek, on the Wrightsville Beach line yesterday afternoon about 4 o'clock. As the car was rounding the curve on to the trestle, going in the direction of Wrightsville, the trolley slipped off the wire and as it came over the trestle, the pole which shot upward as soon as it went off, caught under one of the steel guy stays from which the wire is suspended over the trestle, and was thrown back with such violence that the end of the pole broke off and flew back through the rear vestibule, striking the conductor in the right side just above the hip, slightly fracturing the latter. Conductor McCall was knocked down but bravely rallied, reached up and rang his motorman, Mr. Darden, to stop. Then he fell to the platform and was unable to get up without assistance.

An excursionist also standing on the rear platform was struck but was not injured. His coat sleeve was, however, torn off in some way.

A number of passengers on the car, including several ladies, heard the crash and, not knowing the cause, were badly frightened, some of the ladies screaming at the top of their voices.

The approaching car from the beach was flagged down and, after some delay, the disabled car was given the power from the front trolley and it proceeded to the beach. Conductor McCall, whose presence of mind in stopping the car was warmly commended by the passengers, was transferred to the Wilmington-bound car and taken to his home at 1001 Market street, where he is being given the best of medical attention. His wife and friends are nursing him to the best of their ability and it is hoped that he will recover, though internal injuries are feared.

Stranger's Narrow Escape.

Just before a delayed passenger train came around the curve, a white excursionist giving his name as Crockett Short and his home as Anson county, was found drunk and asleep on the main line of the S. A. L., near the Cape Fear lumber mill, last night about 10 o'clock. Alderman J. A. Karr happened to be at the mill at the time and assisted in pulling the man off the track out of danger. A 'phone message was sent to the police station and the "black maria" took him there to "sleep it off."

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

WILMINGTON, N. C.

Wednesday Morning, June 14.

OUR CURRENCY SYSTEM.

With Secretary of the Treasury Shaw and United States Treasurer Roberts making speeches to the bankers at their Summer meetings, a good deal of attention is being directed to our currency system. The Washington Post refers to an article in the Boston Post which finds cause for much satisfaction in the opinion of experts that at this date the American people own a full fourth of the whole stock of mined gold possessed by mankind. The Globe takes note of interesting statements made by United States Treasurer Ellis H. Roberts to a Western audience. He says that the master fact in the financial situation here is that $63,500,000 has been added every year for five years to the amount of gold used as money in the United States. There has been an addition of $317,500,000 in round numbers in five years, an inflation that has no parallel in any other land. The mines of every nation contribute to it, while the products of our own mines stay at home.

In 1890 the United States held 16.9 per cent. of the world's stock of gold. Ten years later, when the total stock had risen tremendously, we held 21 per cent., while in 1903, out of the world's total of $5,685,700,000, we had in the vault of the nation and the banks and in the pockets of the people more than 23 per cent.

Our Washington contemporary noting the above statement says:

"But despite this optimistic situation, the so-called gold standard act of 1900 is of little, if any use. Should a monetary panic occur—and there is always more than a bare possibility of such a trouble—it would be extremely difficult for our government, with its enormous load of fiat, to avoid a disastrous and disgraceful descent to the silver basis. And if at such a time a friend of silver should happen to be President, he could, under the law as it stands, accomplish that financial tragedy, even if we had a gold-standard Congress. Outrageously unfair and oppressive tariff schedules are not the only evils on which the Republican party stands pat. It is, apparently, content with 50-cent dollars, and it is not ashamed of the sacrilegious motto which they bear. When will that party find courage—the courage that characterized it during many years of its great history—to take up the long and culpably neglected task of reforming our currency system—or, rather, of replacing our hodge-podge of currency laws with something worthy of the name of system?"

The Washington paper puts the Republican party in the attitude of boasting of having put American finances on the gold standard, whereas in deed and in fact the Republican Congress has failed to cinch the gold standard and it is over quick sands.

THE CAROLINA PYTHIAN.

The Grand Lodge, of the Grand Domain of North Carolina, convened yesterday and will sit till tomorrow. Charlotte has made preparations to make the event a notable one, and Charlotte never fails to do what it maps out for an undertaking.

The Carolina Pythian, published in Charlotte by Prof. J. G. Baird, comes to us this week as a Grand Lodge number. It is handsomely illustrated, and contains an entertaining sketch of the progressive city of Charlotte. The illustrations give us a view of many of Charlotte's handsome buildings, and the photogravures show us many familiar faces of Pythians throughout North Carolina. Among the pictures of Grand Lodge officials and representatives are the following Wilmingtonians: W. F. Robertson, Grand Chancellor; Walker Taylor, chairman of the judiciary committee; J. D. Nutt, representative from Clarendon Lodge and State Lecturer; W. C. Smith, representative from Stonewall Lodge, and W. O. Page, representative from Jefferson Lodge.

The frontispiece of the Grand Lodge number is a "welcome" scene with a bevy of pretty little girls bearing banners, horns, etc., while a few pages within are the pictures of a group of Charlotte's beautiful young ladies—"A few of our friends." Looking at the array of beauty in the picture of "our friends," we know now that the Queen City took its name from the fact that it can boast of so many queens.

THE LEAK IN THE COTTON STATISTICS.

If anybody is under the impression that there is no leak in the government's cotton crop statistics before they are officially given out, let him read the Wall Street cotton story daily sent out by wire. The cotton story invariably indicates that the speculators a few days before hand act on an anticipated bullish or bearish report, as the case may be. Watch the cotton story for yourself. It is published in the Star's commercial columns.

CURRENT COMMENT.

—After Admiral Togo's visit to him, Vice-dAmiral Rojestvensky may be inclined to recast the phrase to read the "yellow pearl."—Baltimore Sun.

—That salary of $100,000 a year for the president of the Equitable seems to be small, after all, in the light of developments.—Washington Post.

—Mr. Bryan must believe that he is going to be nominated for the Presidency again. He says the Democratic party can stand one more defeat.—Washington Post.

—Naval battles have this to recommend them—their slaughter cannot pile up to the figures of first-class land combats. The Sea of Japan holds only a tithe of the dead of the plains of Manchuria.—New York Mail.

—Our Mr. Henry G. Davis's little brother, Tom, who has been a wild, untutored and unterrified Democrat in West Virginia for the 77 years of his merry, happy childhood, has been elected to Congress.—Charleston News and Courier.

—What is to be thought of the success of training the Filipinos to ideas of American inperialism when Filipino students send their enthusiastic congratulations to Japan upon the great naval victory over Russia? Our imperialists will observe that the special ground of these Filipino congratulations is in the brilliant manner in which Japan is maintaining "the prestige of the Orient."—Philadelphia Record.

—It may have been indelicate in Nan Patterson to go on the stage to make money out of the unsavory reputation she won, but it is mean for people to protest against the girl in their theatres. The woman has to live, and it is cruel and un-Christian to try to drive her downward. It is all right to stay away from her plays, but we all go to see women as bad as Nan on the stage. The public should not be worse than the chorus girl.—Birmingham Ledger.

—Some of the magistrates of Craven county have got up a "movement" to enjoin the lease of the Atlantic & North Carolina road, but upon what ground is not so clear. The Salisbury Sun, however, comes pretty close to the explanation, perhaps, when it says that "everybody who is not an idiot, knows that it is inspired by a lot of place hunters who got laid off by the recent change made in the manage ment of this property." Desire for the flesh pots is at the bottom of the whole business, but of course it will amount to nothing.—Charlotte Chronicle.

—"You should have seen Miss Bluegore to-day. She—." "I never care to look at her; she's entirely too haughty and chilly in her manner." "Exactly, and you should have been her today trying to get a haughty shop-girl to wait on her."—Philadelphia Press.

—Mrs. Subbubs—Mrs. Gaddie says she's quite disgusted with that new family that moved in last week. There's some scandal in their family. Mrs. Blacklotz—What is it? Mrs. Subbubs — They wouldn't tell her. That's why she is so disgusted with them.—Philadelphia Press.

—"Why," said he "does a woman enjoy going to the matinee and crying about sorrows that do not concern her?" "I don't know," said he. "Why does a man enjoy going to a ball game and enjoy getting indignant at an umpire whose decisions do not affect him in the least?"—Washington Star.

—Mrs. Youngman—The idea! It's very funny you can't give me any money. My Husband has an account here. Bank Cashier—I know, Madam, but if your husband wanted you to have some money he would have given you a check. COTTON MARKETS.

New York, June 13.—The cotton market was much more active and after a lower opening had a very strong advance on covering and bull support. The opening was weak at a decline of 7 to 10 points which was hardly as much as due on lower cables and the excellent weather indicated by the early map. Offerings were also promoted by expectations of a bearish weekly crop report at midday but as soon as the first rush of selling orders had subsided, prices began to work higher on buying credited to leading Philadelphia spot interests and to the recent local bear leader. Some scattering demand was also attracted by the reports of generally firm spot markets in the South and the market had just about recovered its early loss by midday when the weekly bureau report showing only a slight improvement in the condition of the crop was followed by an active buying movement. During the entire afternoon the market was more or less active with final prices steady within a point or two of the highest at a net advance of 12 to 20 points. Sales of futures were considered good but seemed to have little influence on the market.

SPIRITS TURPENTINE.

—Congressman Claude Kitchen, of Scotland Neck, has recovered from a three weeks attack of fever.

—On the Seaboard Air Line near Lincolnton, on Monday, Jim Burns, a colered brakesman with 20 years experience, was struck by a bridge and killed.

—At Newbern Monday night Elmer, the 12-year-old son of Julius Arnold, was drowned in Neuse river. He was in bathing with several comrades and got into water over his depth.

—The artesian well for the Oxford waterworks was tested last Saturday and pronounced a splendid success, flowing under pressure, one hundred and twenty-five gallons of water per minute, the water being pure and the very best that could be desired.

—Policeman R. P. Montague, who was shot by a negro last week at Newbern, is improving. The wound is painful, and he is still confined to his bed, but it is hoped that his condition will permit of his removal to some place where the X-ray will disclose the location of the bullet.

—In the U. S. District Court at Raleigh, on Monday, Horarce Liggons, of Halifax county, charged with taking a letter from the postoffice unlawfully, plead not guilty, but a jury being impanelled, the verdict, was guilty, and the defendant prayed for judgment, which was two years at hard labor in the penitentiary at Atlanta.

—Pine Level, Johnston county, voted prohibition by 28 to 26 after a hard fight. It has been incorrectly printed that prohibition was defeated. The latest is that Hillsboro will vote on a dispensary. The town commissioners decided upon two saloons, but the county commissioners refused to grant license and Hillsboro remained dry. Now they propose to vote on a dispensary.

—Greensboro Record: Our friend of the Charlotte Observer underestimates the number of papers in Greensboro. This is a great town for them. Besides two dailies, we have four weeklies, four monthlies and a magazine published every other month and all of these depend principally on Greensboro for their advertising. It hardly looks like there was room for two more, though there may be.

—Maj. James R. McDonald died Monday at the residence of his son-in-law, Mr. A. H. Watson, in Fayetteville, after several months of feeble health, aged nearly 80 years. Maj. McDonald left two sons, Messrs. Edward and James A. McDonald, and two daughters, Mrs. A. H. Watson, of Fayetteville, and Mrs. Harry Rupple, of Memphis. The remains have been carried to Memphis, where the wife of the deceased is buried.

—The Asheville Gazette-News tells of the death of Hon. Jacob W. Bowman at his home at Bakersville, Mitchell county, on Wednesday, the 8th inst. He was a Confederate soldier, a successful lawyer, and for many years had been the leading Republican of his county. He had served in the Legislature and had held many offices, the last being judge of the Superior Court from which he retired in December, 1900.

—W. A. Dunn, a prominent lawyer of Scotland Neck, died at his home there Monday morning at 1:30 o'clock. The Raleigh News and Observer says: The death of Mr. William A. Dunn, leader of the bar of Scotland Neck, is a great loss to that town, to Halifax county, and to the State. He was a man of robust character, vigorous intellect, upright life, high civil virtue, and Christian manhood, who served his day and generation honorably and faithfully.

Raleigh News and Observer: Governor R. B. Glenn is out of the city on a tour, visiting places in Western North Carolina, where he is delivering addresses. On Saturday he was in High Point, on Sunday he was in Charlotte, where he spoke at the First Baptist Sunday school, his snbject being "Shall We Eject the Master?" Yesterday he was make a Shriner by the Charlotte lodge. Last night he left Charlotte for Asheville and will speak there to-day. On Wednesday he goes to Murphy where he will speak. On Thursday he will be in Morganton, and on Friday in Greensboro. He is expected to be back in Raleigh next Saturday.

—Mr. P. A. Osborne, of Charlotte, died Monday afternoon at his home in Dillsworth, from the effects of a horse kick received early Sunday morning. The end came after much suffering, and though sudden, was not wholly unexpected. Mr. Osborne turned his horse in a lot to graze for a few hours. He was specially fond of a mare that he drove most of the time. While his horse was grazing he went to her side and affectionately patted her on the back. The animal, quick as a flash, kicked at Mr. Osborne, the hoof striking him near the pit of the stomach. He was carried to his house by some nearby neighbors, and physicians were hastily summoned and worked with him faithfully until death ended his sufferings.

The Hickory Board of Aldermen at a recent meeting granted a thirty-five years franchise to the Hickory Electric Railway, which is to be commenced in a short time, and in full operation by October 1st, 1906, as per terms of agreement. The lines will first be extended to the Brookford Manufacturing Company, and Ivery Mills, reaching from one to two miles beyond the city limits. Col M. E. Thornton and his associates, who will build the road, also have a charter to Catawba Springs, the line to which they will build as soon as the city lines are completed. The cars will be operated from the Thornton Light & Power plant, which is already installed with ample power.——Since January 1st, $100,000 has been invested in buildings in Hickory.

Cruelty to Women

No cruelty is worse than the cruelty of disease.

The pirate's prey, in olden days, suffered no more than millions of women do now, from that horrible modern pirate—female disease.

Was Flooding to Death.

"I was in bed for five weeks," writes Mrs. Mary E. Shelton, of Poplar Bluff, Mo., "had bearing-down pains and was flooding to death. Two doctors did me no good, so I took Cardui. In a week I was up, and can now do my own housework."

EVER WATCHFUL

A Yittle Care Will Save Many Wilmington Readers Future Trouble.

Watch the kidney secretions.

See that they have the amber hue of health;

The discharges not excessive or infrequent;

Contain no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

Wilmington testimony proves it.

P. C. LeMoyne, contractor, of 223 North Seventh street, says: "I did not know that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at othe times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. **

HIGH GRADE CIGARS

are found oftener in advertisements than in show cases—you'll find the La Morna high grade in both particulars. It's easy to say this; but it's easier to prove by simply smoking one of the size, shape and color you prefer. Puffing one will pull for a box order, and buying that way will save you money. 5 cents gets you one; $2.00 a box of 50. So many critical smokers endorse the La Morna that you should join the procession.

THREE MEN KILLED AND 29 WERE INJURED

Train Taking Confederate Veterans to Louisville Wrecked—Gen. Jordan, of Arkansas, Injured.

By Wire to The Morning Star.

Albion, Ills., June 3.—Three persons were killed and twenty-nine injured in the wreck of an eastbound passenger train on the Southern railway at Golden Gate, Ills., to-day. The train was a "cotton special" carrying Confederate veterans to the reunion at Louisville, Ky. While running at a speed of fifty miles an hour, the engine struck a spread rail on a trestle twenty feet high and the engine and four coaches were overturned and fell to the bottom of a ravine. The engine turned completely over.

The dead are J. J. Uhles, Greenway, Ark.; J. D. Johnson, fireman, Princeton, Ind.; Otta Graetz, engineer, Princeton, Ind. Among the injured were W. C. Peeler, district passenger agent of the Cotton Belt road, Memphis, Tenn., chest injured; will recover; Captain John S. Bell, Pine Bluff, arm fractured and internally injured; General James Jordan, Pine Bluf, Ark., seriously injured on the chest and arms. The other injured were from Paragould and other Arkansas points.

General Jordan, who was seriously injured, was in charge of the Second Arkansas Brigade. W. C. Peeler did not regard his injuries as serious and started for home. It was first announced in dispatches that he was dead, but he was able to send an early message to his family.

The train consisted of three Pullmans and four coaches. Two of the sleepers were derailed, but did not go over the trestle. The third sleeper remained on the track.

The most of the injured were taken to Louisville. The others were taken westward by way of Olney. J. J. Uhles, the only passenger killed, was a merchant at Greenway, Ark.

WARM WIRELETS.

The President has approved the sentence of dismissal imposed upon Paymaster John Clyde Sullvan, of the navy, by a court martial, which convicted him upon charges involving violations of the naval regulations.

The official reception of American Ambassador Conger will take place in Mexico City Thursday noon. He will be taken to the palace in a carriage and escorted by the Presidential guards. A notable assemble of statesmen and military officers will witness the ceremony of presentation.

At Montreal yesterday Judge Hall granted the petition of counsel for Gaynor and Greene to be allowed to appeal to the Supreme Court against the decision of Justice Davidson that Judge LaFontaine had the right to act as extradition commissioner. This action undoubtedly will cause a delay of six months.

Orders have been given for the official trial of the new protected cruiser Charleston off the Cape Ann course on June 28. After the new cruiser's screws are standardized she will be given a four hours speed trial. As the cruiser will be required to make 22 knots an hour, the total length of her run will be 88 knots.

At St. Louis yesterday Jockey Hector, on "Wellesly," was killed and Jockey Morris, on "Clark," was seriously injured in a mtx-up during the steeple chase at the American Jockey Club track. The horses fell near the half-mile post and when assistance reach the two boys, Hector was dead. Neither horse was injured.

The fight arranged for July 3rd in Salt Lake City between Robert Fitzsimmons and Mike Schreck probably will not take place. The promoters have failed to deposit their $2,000 forfeit in Chicago and Fitzsimmons, who came in from his training quarters Monday declared the fight off. He says he will leave the city at once for the East.

ARCHDUKE JOSEPH DEAD.

He Was Reared With Peasant Boys and Was Popular.

By Cable to The Morning Star.

Vienna, June 13.—Archduke Joseph of Austria, died today.

Joseph Charles Louis, archduke of Austria and Royal Prince of Hungary, was born at Press Bourg, Hungary, March 2, 1833. He had always been known as the "Hungarian archduke" and was deeply loved by the Hungarian people. He was a son of the last but one Palatan of Hungary. He was educated in Hungary, as a Hugarian and in the Hungarian spirit. Contrary to the accepted regulations of Austrian court etiquette, Archduke Joseph's boyhood was passed with peasant boys as his playmates and companions. He entered his father's hussar regiment in 1845 and saw much active service. On his return from the warw he was made commander-in-chief of the Hungarian "Honved" or reserve army, holding this post until his death.

Joseph did much, or tried to do much, for the Gypsies of Hungary. He mastered the Gypsy language and wrote an excellent grammar of this most difficult tongue. He tried to settle the question of Gypsy vagabonds by offering to any Gypsy who wanted to settle down a patch of land, a good home, and help in making a start as an agriculturalist. All these efforts, however, were in vain. In memory of a son who died as the result of a shooting, the archduke and his wife, the Princess Clotilde of Saxe-Coburg and Gotha, established an institution for the care of crippled children. The loss of a second grown up child last year bore heavily upon the archduke and ever since he had lived quietly in his country home, "Villa Guiseppi," at Abazzia. He leaves one son who married the grand daughter of Emperor Francis Joseph, and three daughters.

ASHEVILLE ROMANCE RECALLED

Nurse Who Married Wealthy Man on His Death Bed.

By Wire to The Morning Star.

Columbus, O., June 13.—The Supreme Court to-day affirmed the judgment of the Hamilton County Court in the case of Henrietta Cecilia Gibson against Peter Gibson. This is the celebrated case involving the will of John McCormick Gibson, of Cincinnati, who died at Asheville, N. C., several years ago, a few hours after marrying Henrietta Cecila Wolfe, a nurse. He made a will bequeathing property valued at $250,000 to his wife, but the will was lost. In the absence of witnesses who could prove otherwise the supposition was that the invalid destroyed the will, as no trace of it could ever be found. The widow, therefore received but the statutory one-third.

THE GRAY RANKS FAST THINNING

Veteran Gathering at Louisville Emphasizes Melancholly Inroads of Death

LEE AND RANSOM DEAD

Interesting Report of Adjutant General—Standing of Camps—Great Corwds Assembled for Reunion.

By Wire to The Morning Star.

Louisville, Ky., June 13.—Louisville decorated to an extent hitherto unknown and smiled on by typical Summer weather, extended the hands of hospitality to-day to a never-ending stream of arriving veterans who have come to Kentucky to attend the 15th annunal reunion of the United Confederate Veterans, which opens tomorrow.

In every hotel and almost every corner in the business section of the city, the men wearing the gray are to be found. To all purposes the reunion is already in progress, although the opening is officially set for tomorrow. Among the prominent ex-Confederate veterans now here are General Stephen D. Lee, commander-in-chief; General Joe Wheeler, General Andrew J. West, of Atlanta, commanding the North Georgia brigade, who came in at the head of a large delegation of Georgians; Lieutenant-General C. Irvine Walker, of South Carolina; General Simon Bolivar Buckner, General William E. Mickle, New Orleans, adjutant general and chief of staff; Chaplain-General William Jones, of Richmond, and General Clement A. Evans, of Atlanta, the chairman of the history committee and the battle abbey.

Governor Beckham, who will extend the welcome of the State to the veterans, is expected to-morrow morning.

The Virginia and Maryland delegates came in this morning and some of the great army of Texans arrived during the afternoon. The Tennessee veterans began arriving in force this evening, followed closely a detachment of the Arkansas regiments.

Much regret has been expressed over the receipt of a letter from Judge Emory Speer, of Macon, Ga., announcing his inability to be present. It had been expected that Judge Speer would address the orphan brigade, of which he is a member.

The accommodations arranged for the veterans are on a large scale, and are believed to be complete. At several places barracks have been arranged for the accommodation of one thousand veterans, and the old men will be fed in buildings bearby. It matters not the hour the wearer of the gray presents himself for something to eat, it will re beady and waiting for him twenty-four hours out of the day.

General W. E. M. Mickle, adjutant general and chief of staff, has completed his annual report, which is highly interesting. It says:

"It is a source of sincerest pleasure to me that I am able to report that the debt which has been resting on the federation for a number of years, has been paid in full. That this matter has been liquidated is due to the extraordinary efforts put forth by you; and while the urgent appeal made by you to the wealthiest members of our order was sent to nearly three hundred people, and should have had most generous responses, the amount realized was barely sufficient to wipe out the debt. This luke-warmness on the part of those who were in a position to respond most liberally in a sad sommentary on the degeneracy of the times; and displays a deplorable lack of interest by men who were once so ready to share the dangers and deprivations that rendered the Confederate armies famous throughout the world.

"There have been carried on the roster of the order for a number of years many camps who had made no payment of any kind since they were chartered; some of these were really never in existence, having 'died a-borning.' After conferring with the adjutant general of the various divisions, these camps have been put on the 'dormant list,' and no order will, for the present, be sent them. This means a considerable annual saving to the order. There are still on the roster a number of camps who do not contribute to the finances of the order, make returns of any kind or manifest the least interest in the federation. As soon as definite information can be secured regarding them, they will be added to the 'dormant list.'

"I am proud to be able to report that at no period in the history of the federation have the camps paid their greater numbers.

"At the Nashville meeting only about 46 2-3 per cent. of the camps paid in full all claims against them, while at the present time 47 3-4 per cent. of them are 'all present and accounted for.'

"The field from which New Camps are to be gathered in limited and the material is rapidly diminishing by the erosion of time. Yet there are those who were units of our great armies who desires to associate themselves together and connect themselves with our 'social, literary, historical and benevolent' order. Since our re-union in Nashville last June, eighteen new camps have been chartered, making the total on the roster at the present time, distributed as follows:

Division.	Number Char.	Dor.	Alive.
Texas	316	15	301
Georgia	146	2	144
Alabama	125	13	112
South Carolina	140	36	104
Mississippi	102	7	95
Arkansas	100	7	93
Tennessee	90	1	89
North Carolina	79	2	77
Kentucky	73	4	69

Louisiana	69	1	68
Virginia	67	—	67
Indan Territory	47	—	47

Dist. of Columbia	2	—	2
Illinois	2	—	2
Ohio	1	—	1
Indiana	1	—	1
Massachusetts	1	—	1
Total	1,583	109	1.474

"For the year, 1903, the cash receipts from all sources amounted to $7,035, while for the year 1904, the amount was $7,812. When it is borne in mind that the sources from which this income is derived is greatly reduced each year this gain is the more marked. The disbursements for the year were $7,329.

"The death rate among our associates has been exceptionally heavy during the past year, owing to the advanced age of the men and the unusually severe winter. From all sections come greatly increased mortuary reports to which must be added the names of some of the most distinguished and zealous leaders: George G. Vest, Matthew W. Ransom, John H. Reagan, William B. Bate, John H. Horner, Cullen A. Battle, Fitzhugh Lee, Thomas J. Churchill, and our beloved Mildred Lee, all of whom is one way or another added luster to our dear Southland and contributed to its greatness and renown."

PEACE NEGOTIATIONS ARE MAKING PROGRESS

Replies of Belligerents Will Not Be Made Public for the Present—Russia's Action.

By Wire to The Morning Star.

Washington, June 13.—It was announced to-day that the formal reply of the Russian government to President Roosevelt's identical note of last Thursday, is in the hands of the American government. The response was handed to Ambassador Meyer at St. Petersburg by Count Lamsdorff and transmitted by the Ambassador to President Roosevelt. It can be said, that it is in perfect consonance with the oral assurance given the President yesterday by Count Cassini, the Russian ambassador here. It had been intended by the President to make public the replies of both Russia and Japan to his appeal for a cessation of hostilities in the Far East, but a decision has been reached not to publish them at this time. This determination was reached at the suggestion of both belligerents that the publication of the responses at this juncture might not be desirable. Official assurance is given, however, that the informal statements of the contents of the replies are not only accurate, but practically complete as to the information contained in them.

What Russia Says.

By Cable to The Morning Star.

St. Petersburg, June 14.—2.10 A. M.—Instead of publishing the text of its official reply to the message from President Roosevelt, regarding the initiation of peace negotiations with Japan, the Russian government decided, with the purpose of taking the public into its confidence regarding the prospects of peace, to issue a statement summarizing the status of negotiations, which will apepar in the form of a communication in the Foreign Office Gazette to-day. This statement, which pays a graceful tribute to President Roosevelt's action expresses in a general way Russia's willingness to negotiate, without entering into particulars which cannot be considered to be definitely determined until the receipt of the Japanese reply.

The fact that the Japanese government has not yet communicated with Russia as to time and place and the number of plenipotentiaries is not considered strange inasmuch as the text of the Russian reply, sent to Washington yesterday, could not have arrived at Tokio, considering the difference in time, until last midnight, at the earliest.

Japan's terms continue to be matter for animated speculation. A well informed diplomat who says he knew Japan's terms before the battle of Mukden, considered them to have been very moderate and believe that even now they will be found to be not unduly harsh.

Private advices received from a Russian source at Shanghai say it is certain that Japan will demand the surrender of all ships interned in eastern waters, which may be another item offsetting indemnity.

Papers supposed to have semi-official inspiration continue to speak dubiously of the results; but it is noticeable that the cheap and popular papers like the Gazetta plainly advise the people to reconcile themselves to defeat and peace.

ASSASSINATION IN GREECE.

Premier Delyannis Stabbed for Suppressing Gambling at Athens.

By Cable to The Morning Star.

Athens, June 19.—Theodore P. Delyannis, the popular premier of Greece, was stabbed and mortally wounded by a professional gambler named Gherakaris, at the main entrance of the Chamber of Deputies at 5 P. M. today. The premier died within three hours.

The assassin, who was immediately arrested, said he committed the deed in revenge for the stringent measures taken by Premier Delyannis against the gambling houses all of which recently were closed.

The premier arrived at the entrance of the chamber in a carriage. Gherakaris approached, saluted the premier and opened the carriage door. The premier was in the act of thanking Gherakaris for his courtesy when the gambler plunged a long dagger into M. Delyannis' abdomen, inflicting a frightful wound.

The murderer was immediately overpowered by the attendants. Medical assistance was quickly secured and the wounded statesman was taken to a Red Cross station where an operation was performed in an effort to stop the internal hemmorrhage. This was unsuccessful and Premier Delyannis died at 7:30 o'clock. The news spread quickly, and it would be impossible to describe the popular evidences of sorrow or the anger of the crowd who attempted to lynch the assassin. Lynching was prevented by the gendarmes who rushed their prisoner from the building to prison.

It is estimated that 20,000 persons followed the body of the premier from the Red Cross station to his late residence. Members of the cabinet and of the Chamber of Deputies were among the crowd, many of them weeping.

King George, who is at Tatoi, was informed of the assassination and announced that he would at once return to Athens.

Investigation by the police shows that Gherakaris was recently liberated from prison, having been sentenced to 18 years for the murder of his wife.

SMALL HOPE FOR PATRICK.

Court of Appeals of New York Refuses Stay of Execution.

By Wire to The Morning Star.

Albany, N. Y., June 13.—The Court of Appeals to-day refused to grant a stay of execution in the death sentence, to permit a motion for re-argument in the case of Albert T. Patrick convicted of the murder of William M. Rice. The court which will adjorn on Friday until October, will fix the date of execution before its adjournment.

Owing to the shortness of time befor adjournment, papers on the motion for re-argument could not be prepared in time. Senator David B. Hill, counsel for Patrick, will prepare to make the motion for re-argument on the day the court reconvenes in October.

In order to stay the execution of Patrick until the motion can be made, two courses are open to him. He may make an application to an individual judge of the court to issue an order staying the execution, or he may make application to the Governor of the State for a reprieve.

The action of the Judge granting the stay or of the Governor granting the reprieve would postpone the execution until after the motion for a re-argument had been made to and determined by the court. Senator Hill has not decided which course he will pursue.

ARMY AND NAVY AT MIMIC WAR

Attack on Washington, Norfolk and Baltimore Repulsed by Land Forts

SHIPS SUNK CONSTRUCTIVELY

Some of Defence Mines at Norfolk and Washington Destroyed—Midshipman Vertrees of Naval Academy Drowned.

By Wire to The Morning Star.

Fort Monroe, June 13.—The attack which Fort Monroe has been expecting since midnight Saturday came at 2:30 this morning when Admiral Dickins moved on the land forces with three of the vessels of his fleet, the battleship Texas, his flagship, the training ship Hartford and the converted yacht Vixen. No official information concerning the thirty minutes engagement which followed the sighting of the attacking party is obtainable, but the impression prevails that the whole sea force was constructively sunk. The firing ceased at 3 o'clock. The naval commander immediately withdrew.

A close watch is being maintained in anticipation of an attack from the whole of the fleet. Perhaps the most notable development of the engagemen was the demonstration of the efficiency of the searchlights which picked up the fleet at a distance of approximately five miles. The weather was still thick enough to interfere with the getting of maximum results from the operations of the lights.

Only a part of the avilable guns of Fort Monroe was used. The firing first came from Fort Wool, a detached artillery station in the roadstead. Then after the Texas had opened up in reply the batteries at Willoughby Point were brought into action. Only the flashes from this place indicated that firing was in progress, the distance too great to permit the report of the sub-calibre charges to be heard here. The only firing at Fort Monroe proper came from the batteries nearest to Buckroe Beach at the upper end of the military reservation. Admiral Dickins maneuvred his vessels so as to keep barges and other boats which were on the bay at the time between him and the land batteries and thus the aiming of Colonel Potts' guns was interfered with to some extent. The three vessels are supposed to have encountered mines during the progress of the fight.

The Texas and one of the converted yachts attached to Admiral Dickins' fleet, presumably the Hornet, made another demonstration at 12:35 this afternoon. As soon as they were sighted there was constructive firing from the mortar batteries of Fort Monroe and immediately afterward some of the smaller land batteries were put into action and fired a few shots. The fact that the two vessels continued on up the river and then turned and went back up the bay is taken to indicate that the constructive mortar fire was considered to have doestroyed or disabled them.

Sunk While Moving Mines.

Baltimore, June 13.—Just about dawn this morning the auxiliary cruiser Sylvia of Admiral Dickins' squadron, which is manned by the Maryland reserves, was discovered at a point opposite Fort Howard, destroying mines. The Sylvia had come up the bay so stealthily that she had not been before detected, and the crew in small boats had already removed a number of mines before being seen from the fort, the searchlights being ineffective at that hour. Upon discovering the enemy the big guns at Fort Howard boomed out and the Sylvia was theoretically sunk in short order, afterwards proceeding down the bay, probably to join Admiral Dickins.

Attack on Washington.

Fort Hunt, Va., June 13.—The first gun in defense of Washington was fired by one of the 8-inch batteries of Fort Hunt at 9:11 o'clock to-night. The target was one of the units of Admiral Dickins' squadron, which apeared to be of the cruiser type. She had just rounded Marshall's Point about three miles below the fort, proceeding slowly up the river. That she was an "enemy" was indicated by a signal from one of the fort's sixty-inch searchlight.

After the initial fire the shooting became general and six minutes was taken up by Fort Washington's 12-inch batteries. Not a reply came from the warships, and when the required number of shots from the fort had been fired to constructively, put the ship out of action, the firing ceased.

The offending craft proceeded slowly up the stream during the cessation of the fire from the forts and when she reached the mine fields, which are a little below the forts, the boats were lowered and manned. A harvest of mines was quickly gathered, but not before the rapid fire guns of the forts occasionally an 8-inch gun had scored on the illumined target at the closer range. The ship returned the fire and her guns sputtered and flashed at a lively rate for several minutes.

The fort observers could not identify the ship by name, although she was thought to be the converted gunboat Siren, or the converted gunboat Hornet. The conditions for the defense were ideal. The moon shone brightly and not a breath of air was stirring. Again the fire ceased, and the craft slowly turned and floated leisurely down stream, leaving the zone of action at 10:15 o'clock. The approach of the cruiser was observed first by the two scout boats off Fort Washington.

At 11 o'clock three of Admiral Dickins' torpedo-boats rounded Marshall's Point and made a dash for the mine fields. They were at once under the fire of the forts.

Midshipman Drowned.

Annapolis, Md., June 13.—A wireless message was received at the Naval Academy to-night from Commander C. J. Badger, commanding the United States steamship Newark, conveying news of the death by drowning of Midshipman L. L. Vertrees of the second class. The Newark is one of the vessels now engaged in the armnavy joint exercises and was at anchor off Hatchett's Point this afternoon when Young Vertrees, with a number of other midshipmen was in swimming. Young Vertrees was 19 years old and a son of W. J. Vertrees, of Bushnell, Ill.

Rt. Rev. A. VanDevyver, Roman Catholic bishop of Richmond, Va., sailed from New York for Europe yesterday on the steamer Caronia.

It was announced at the Navy Department yesterday that the contract for the annual supply of tobacco for the navy, aggregating 150,000 pounds would be awarded to Butler & Boaher, of Richmond, whose bid was 34 1-2 cents per pound, the lowest submitted.

THE CHINESE BOYCOTT IS GROWING SERIOUS

Newspapers Refused to Advertise American Maufactures—President Roosevelt and Metcalf.

By Cable to The Morning Star.

Washington, June 13.—At to-day's cabinet meeting the President took up with Secretary Metcalf, of the Department of Commerce and Labor the protest filed with him by members of the American Asiatic Association against what they regard as the harsh enforcement of the Chinese exclusion law. Both the President and Secretary Metcalf are anxious to do all in their power to promote the export trade of American manufacturers and, with that end in view, they will take up this subject of the admission to this country of the Chinese exempt classes, in a definite way. Representatives of the cotton textile industry are apprehensive lest the reported action of some of the immigration officials may result in a boycott by Chinese merchants of American made cotton goods. Secretary Metcalf proposes to inquire into the subject to ascertain what, if anything, may be done to eliminate what the Chinese regard as abuses of the exclusion law. It is suggested, however, that the subject is one which necessarily will have to be dealt with by Congress and not by the executive branch of the government. Secretary Metcalf expressed the opinion at to-day's meeting that the law was not enforced with unnecessary harshness. The necessity of close scrutiny of the certifications was pointed out by the Secretary, as many of such certificates presented are found to be fradulent. The Secretary indicated that during the present fiscal year, seventy-three Chinese, bearing students' certificates, had applied for admission and that seventy-one of them had been admitted. The other two were debarred by disease.

Secretary Wilson informed the President that he was pressing his investigation of the charges filed with him that a leak had occurred in the cotton report issued by the Agricultural Department, but he yet had been unable to develop proof to sustain the charges. The agent of the secret service and others who are making the investigation have been instructed by Secretary Wilson to leave no stone unturned in their inquiry.

The Boycott Serious.

Tien Tsin, June 13.—The boycotting of American goods by the Chinese guilds is daily assuming more serious proportions. The guilds have quietly determined to carry the boycott through and the aspect for American manufacturers is rather gloomy. The native newspapers are refusing advertisements of American goods.

AMBUSHED AND SHOT TO DEATH.

Mysterious Crime Near Plant City, Fla., Yesterday.

By Wire to The Morning Star.

Tampa, Fla., June 13.—The body of Oscar Brannan, a prominent citizen of Plant City, was found on the road three miles from that town this morning, riddled with buckshot. No less than six loads had been fired into the body. Investigation showed where at least three men had been waiting in ambush along the side of the road. Sheriff Jackson at once sent deputies with blood hounds to the scene and poses of excited citizens are scouring the country searching for the murderers. No clue has been found to the perpetrators, but the officers expect to locate them before they get far away. Brannon had no known enemies.

CRUISER NORTH CAROLINA.

Midvale Steel Company, thirty-two 6-inch guns at $12,860 each; twelve 7-inch guns at $14,355 each; eight 8-inch guns at $17,142 each and thirty-three 6-inch mounts at $7,588 each.

AT WRIGHTSVILLE BEACH.

Production of "Pinafore" Thursday Night—At "Lumina."

Notwithstanding that yesterday was cloudy, Wrightsville Beach was crowded with people all day, but especially of giant size was the afternoon and evening crowd, which was made up to a large extent by excursionists. The center of attraction was merry "Lumina," where various and novel pleasures are being presented. The orchestra, of course, added galety to the scene with stirring music and last night the dance was enjoyed by scores of couples.

The formal opening Thursday night is being pleasantly anticipated by many and will measure well up to expectancy. Lumina will present a place of merry making and will furnish plenty of fun for all. The production of the opera "Pinafore" will be one of the cardinal features. Tickets for the performance are now on sale at the office of the Consolidated Company and are 50 cents "per," including a round trip to the beach.

One of the latest attractions at Lumina is an up-to-date moving picture exhibition.
